Fall Provider Seminars: Even if you missed our in-person sessions, you still have a chance to attend a webinar -- last chance to register!

Published: Nov 1, 2018

We've been conducting our in-person Provider Seminars throughout the state in October. In case you've missed any of them, or just if you prefer a webinar option, we still have opportunities for you to participate.

- **1 remaining in-person session Friday, November 2, 2018 -- registration for this sessions closes November 1 at 5:00pm MT**
- **4 webinar sessions throughout November**

Please join us for one of these sessions. They include important updates and information about doing business with us. Topics include: Product overview for 2019, Affordable Care Act updates for 2019, Medicare Advantage PPO, CU Exclusive updates, WellChoice overview, New Provider newsletter/communication template, Anthem.com Provider website enhancements, Availity Portal enhancements, plus more!

NOTE: The content covered in the Provider Seminars and Webinars is the same, but we split the webinars into two content parts to make the online learning experience a little easier and shorter length.

For locations and dates, see attached [Provider Seminar Invitation](#).

The online registration includes automated acknowledgement of your registration, an appointment to add to your calendar, and reminder notifications. **Don't forget to accept the calendar appointment to add it to you calendar.**

Register online using one of the following options:

Go to **anthem.com**. Select **Providers**, then **Providers Overview**. Select **Find Resources for Your State**, and pick **Colorado**. From the **Provider Home** page, under the *Communications and Updates* heading, select the **Provider Seminars** link. Next, under the **Fall 2018 Provider Seminars** heading, select the link titled **Fall 2018 Provider Seminar Invitation -- online registration form**, select either **IN-PERSON** or **WEBINARS**.
