Pharmacy information available on anthem.com

Published: Oct 1, 2019

For more information on copayment/coinsurance requirements and their applicable drug classes, drug lists and changes, prior authorization criteria, procedures for generic substitution, therapeutic interchange, step therapy or other management methods subject to prescribing decisions and other requirements, restrictions or limitations that apply to certain drugs, visit [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation).

- To locate the commercial drug list, select 'Click here to access your drug list'.
- To locate the Marketplace Select Formulary and pharmacy information, scroll down to 'Select Drug Lists', then select the applicable state's drug list link.

The commercial and marketplace drug lists are reviewed and updates are posted to the website quarterly (the first of the month for January, April, July and October).

Federal Employee Program (FEP) pharmacy updates and other pharmacy related information may be accessed at www.fepblue.org > Pharmacy Benefits. This drug list is also reviewed and updated regularly as needed.
