Clinical practice and preventive health guidelines

Published: Sep 28, 2018

As part of our commitment to provide you with the latest clinical information and educational materials, we have adopted nationally recognized medical, behavioral health, and preventive health guidelines, which are available on anthem.com. The guidelines, which are used for our Quality programs, are based on reasonable medical evidence, and are reviewed for content accuracy, current primary sources, the newest technological advances and recent medical research. All guidelines are reviewed annually, and updated as needed. The current guidelines are available on our website. To access the guidelines, select your state: [Indiana](#), [Kentucky](#), [Missouri](#), [Ohio](#), [Wisconsin](#).
