New ICR Immediate Decision List posted on Availity Payer Spaces

Published: Jun 1, 2019

The Interactive Care Reviewer (ICR), our online authorization tool offers a real time authorization decision for some inpatient and outpatient authorization requests. Recently we updated the list of services that may result in an immediate authorization decision.

To locate the Immediate Decision list* and review the specific details on those services, go to the Availity Portal and select **Payer Spaces** then choose the Anthem BCBS logo. Scroll down and select **Education and Reference Center | Communication & Education**. From the Communication & Education dropdown menu, select **Interactive Care Reviewer | ICR Immediate Decision List**.

Access ICR from the Availity Portal, select **Patient Management | Authorizations & Referrals**. To request an authorization you will need to have the Authorization Referral Request Role assigned to you by your Availity administrator.

Attend one of our upcoming webinars and learn about the features that will help you to optimize your ICR experience! Register [here](#).
