MA back pain management and cardiology UM programs to transition from OrthoNet to AIM

Published: Oct 1, 2018

Effective January 1, 2019, we will transition our Medicare back pain management and cardiology programs from OrthoNet LLC to AIM Specialty Health® (AIM), a specialty health benefits company. We have an existing relationship with AIM in the administration of other medical management programs.

Additional information will be available at Important Medicare Advantage Updates at [anthem.com/medicareprovider](https://www.anthem.com/medicareprovider).
