## Scope of License reimbursement policy update: professional

---

Published: Dec 1, 2018

In the December 2017 edition of *Network Update*, we announced a new Scope of License Policy which states that we will not reimburse services performed by a provider that are outside their state license requirements. We are updating our editing systems to deny services deemed to be outside of a specific specialty's scope of license.

For more information about this policy, visit the [Reimbursement Policy](https://anthem.com/provider) page at [anthem.com/provider](https://anthem.com/provider).
