

## Anthem announces changes in medical non-oncology specialty drug reviews effective June 15, 2019

---

Published: Jun 1, 2019

We continue to streamline our medical specialty drug reviews by transitioning another drug review process from AIM Specialty Health® (AIM) to Anthem Blue Cross and Blue Shield (Anthem)'s medical specialty drug review team.

As a reminder, beginning on January 2019, providers are able to visit the Pharmacy Information page to review clinical criteria for all injectable, infused or implanted prescription drugs.

### What is changing?

Beginning on June 15, 2019, for all requests, regardless of service date, providers will need to submit a new prior authorization request by contacting Anthem's medical specialty drug review team:

- By phone at 1-833-293-0659 or
- By fax at 1-888-223-0550 or
- Online access at [www.Availity.com](http://www.Availity.com) available 24/7.

All inquiries about an existing request (initially submitted to AIM or Anthem), peer-to-peer review, or reconsideration will be managed by Anthem's medical specialty drug review team.

### What is not changing?

- AIM will continue to be responsible for performing **medical oncology drug** reviews for existing commercial medical benefit for our employer group business.
- Medical policies and clinical guidelines **for non-drug specialty topics** will continue to reside on the [Policies webpage](#) on anthem.com.
- Post Service Clinical Coverage Reviews and Grievance and Appeals process and teams will not change.

For your convenience here is a summary of the medical specialty drug changes:

### Prior to June 15, 2019

Action	Contact
