

## Review of professional claims with emergency department level 5 E&M codes impacts Medicare Advantage

---

Published: Jun 1, 2019

*Category: Medicare*

Anthem Blue Cross and Blue Shield (Anthem) has identified an increased trend in billing emergency department level 5 evaluation and management (E&M) codes. To ensure documentation meets or exceeds the components necessary to support its billing, beginning **September 1, 2019**, Anthem will initiate post-pay reviews for emergency department professional claims billed with level 5 99285 or G0384. Emergency department professional claims with the highest potential for up-coding will be selected.

Anthem will request documentation for identified claims. Professional reviews will evaluate the appropriate use of the emergency department level 5 code based on the American Medical Association CPT coding manuals and Anthem guidelines. Reimbursement should be based on the emergency department E&M code the submitted documentation supports.

Please note, these coding reviews are not related to any prior notification reviews which examine the appropriate use of emergency departments for non-emergencies, nor do they include the examination of emergent versus non-emergent reasons patients utilize emergency room services.
